**NIGHT AIRSHIPS SEEN BY MANY.**

**STOCKTON, Jan. 4.**—Was some inventor trying his airship or aeroplane over Stockton last night? This was the general question that was passed around here today. Early this morning dozens of people, who while not having retired after the big New Year's celebration, were still capable of keeping the stars, aerial fireworks and objects in the sky segregated, declare that they saw a large airship. The people who saw the aerial stranger were in different sections of the city, yet all agree that they first noticed it coming from the west.

Many are of the opinion that it was part of the fireworks or balloons sent up by the boosters committee, while those who saw the supposed airship assert that it moved much faster than fireworks or balloons of that kind.

People of Byron, southwest of here, and the bridge tender on the Santa Fe, west of Stockton, claim to have seen the mysterious visitor, which disappeared after passing over Stockton. Whether or not it was a hoax remains to be seen.

**WATERFRONT NOTES**

**EIGHT HUNDRED** tons of soap from consigned to the California Industrial Company have about all been loaded into the American bark Alden Bessel, and it is expected that the vessel will be ready for sailing for San Pedro, California, the latter part of this week. C. H. Brown of the Honolulu Soap Iron Company is supplying the cargo to be taken to the mainland by the ancient bark.

**PURSER FRENCH** of the steamer Maui reports the bark Saint Katherine, Olympic and schooners Aloha and Annie Johnson, also the steamers Kaula, Kivulani and Helene, at Hilo at the time the Maui sailed for Honolulu. The steamer Nihau was met at Waipio Gulch. Owing to bad weather, the Maui was prevented from working along the Hamakua coast.

**THE ENTERPRISE**, a Matson Navigation liner, is due to arrive at Hilo this morning, according to a wireless received at the local agency last night. The Enterprise comes from San Francisco and was about fifty miles off Hilo at the time of the sailing in of the report.

**PURSER LOGAN** of the inter-island steamer Kaula reports the following sugar awaiting shipment on Kaula: Mak, 16,779 bags; V. K., 500; G. & R., 2185; McR., 29,167; K. K. B., 4390; H. M., 3055; L. F., 265; M. S. Co., 5150; K. S. Co., 7530; K. P., 2690.

**ROUGH WEATHER** prevented the inter-island steamer Keauhou from working at some of the ports of call along Kaula coast. The steamer has arrived here with freight, including 130 sacks rice, 200 sacks paddy and 25 packages sundries.

**FIVE THOUSAND** sacks of sugar made up the bulk of the freight brought to Honolulu by the inter-island steamer Likelike, which has arrived from Ahukini and Kaula ports. The Likelike experienced a rough trip homeward.

**A REPORT** has reached this city that the American steamer Santa Maria sailed from Port San Luis yesterday with a full shipment of oil for the Associated Oil Company.

**THE UNITED STATES** army transport Thomas, en route from Honolulu to Manila, has wireless in her position as 935 miles off the port; smooth seas and fine weather.

**SEVENTY-SIX** head cattle and 21 calves have arrived from Kawaihae by the steamer Maui. The vessel also brought 155 bales hides.

**THE TEMPLE Ranch Oil Co.** with 600 acres oil land, flowing oil wells and all its reservoirs filled with high-grade oil in the Templer district, Kern Co., Cal., will soon complete its three-mile gravity delivery pipe line.

**This Oil Company** is at present like a plantation with tons and tons of sugar on hand, ready to be shipped on the incoming steamer.

**An able management**, almost a square mile of proven oil land, cheap transportation of oil, high prices with steadily increasing demand for oil, will make this company an early dividend payer, and for that reason the stock of this Templer Ranch Oil Co. is recommended as a GOOD INVESTMENT by the Lincoln Mortgage & Loan Co. of San Francisco. Capitalization is \$1,000,000, divided into shares of \$1.00 each. I have a small block of them for sale at the while they last. Secure them NOW.
